

# COCOONS GOGGLES SIZING GUIDE INSTRUCTIONS

This simple to use sizing guide will help you determine if Cocoons fitover goggles are the proper size to fit over your prescription glasses. To use the guide, set your print preferences with no scaling and print this document at 100% actual size. Next, place your eyewear face down on the size image. If your eyewear fits within the red box, Cocoons goggles will fit over your glasses. If your eyewear frame exceeds the red box, then your glasses are most likely too large for the goggles to fit over them comfortably.

## COCOONS FITOVER GOGGLES

Designed to be worn over Rx frames not exceeding 133 mm wide x 51 mm high (5 1/4" w x 2" h)

### VERIFY THE DOCUMENT PRINTED CORRECTLY

When this document is printed at 100% size, this box should be the same dimensions as a standard credit card.

If the box is smaller or larger than your credit card, you'll need to reprint the document and double check that your printer settings are set to print the page at 100% size (no scaling).
